

KERRVILLE FESTIVAL OF THE ARTS

Dear Artists and Attendees:

It is our intention to produce the 7th annual Festival on May 23 & 24, 2020 in Downtown Kerrville. We are closely monitoring official sources of information from governmental bodies, local to national, and will cooperate with all mandates. Artist and attendee safety is primary, and we will rely on a variety of vetted sources for information as we move forward.

We have not had any active case of COVID-19 in Kerr County as of the time of this writing, so we continue to be hopeful. In mid-March an entity suggested a period of eight weeks with no large gatherings. Our event is beyond that window.

This status could change at any time, as we all know. We are proceeding with vetting artists, securing our rental equipment, staffing, and do have a fully developed media plan. We continue to be fully committed to producing a well-promoted and well-attended show.

Please watch our website and Facebook posts for more information in the coming days and weeks. We appreciate your patience!

Stay well,

Jacklyn Kayne & LuAnn Anderson
Executive Directors
Kerrville Festival of the Arts
